PRICE LIST: Hand Printed Silver Gelatin Photographs and Unique Photo Collages

Photographs:

All photographs are "Gelatin Silver" (also known as "Silver Gelatin") prints. This means they are traditional (not digital) photographs, and they are printed by hand, one at a time, in a chemical (wet) darkroom. Please refer to the [Technical Information page](#) for further specifics.

Prints are available printed on 8x10, 11x14, and 16x20 paper sizes. Each size is limited to an edition of 10, which helps the work to retain its value over time, as opposed to flooding the market with an unlimited number of copies. Each print is signed and numbered on the reverse, and comes with a Certificate of Authenticity.

Each print has a minimum of 1" white border around the image. Image sizes are approximate, and may vary slightly due to composition considerations.

Prints are offered unframed to allow you to choose your own mat and frame. I am happy to give my recommendations, or to mat and frame for an additional charge of approximately 50% above the unframed price (based on market conditions). This represents a great savings over what a frame shop would charge. Mats are 4-ply white, and acid-free; frames are matte black metal.

Shipping is free for unframed prints. Shipping of matted and framed prints adds approximately 40% to the total framed-print price.

Paper Size	Price (Unframed)
8" x 10"	\$200
11" x 14"	\$340
16" x 20"	\$400

Framed [Architextures](#) Photo Collages (Alphabetical List)

Each collage is unique, and made from hand-cut and -assembled sections of handmade B&W photographs (as described in the next paragraph).

All collages are made from “Gelatin Silver” (also known as “Silver Gelatin”) photographic prints. This means they are traditional (not digital) photographs, and they are printed by hand, one at a time, in a chemical (wet) darkroom. Please refer to the [Technical Information page](#) for further specifics.

I use inkjet (giclée) prints in a small minority of collages. The paper and ink combination of these prints is rated to last over 100 years.

All Photo Collages are sold framed. Mats and mounts are white and acid-free; frames are black metal.

*Prices shown do not include shipping charges of approximately 40% additional, depending on shipping method and speed.
